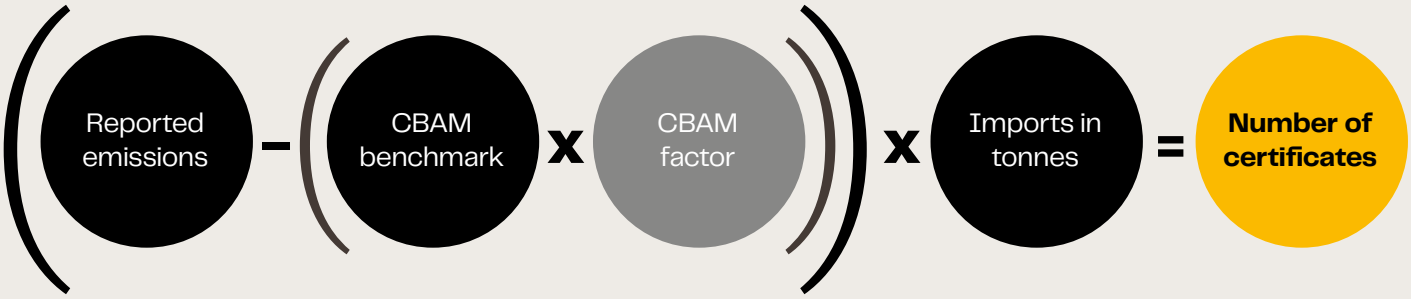
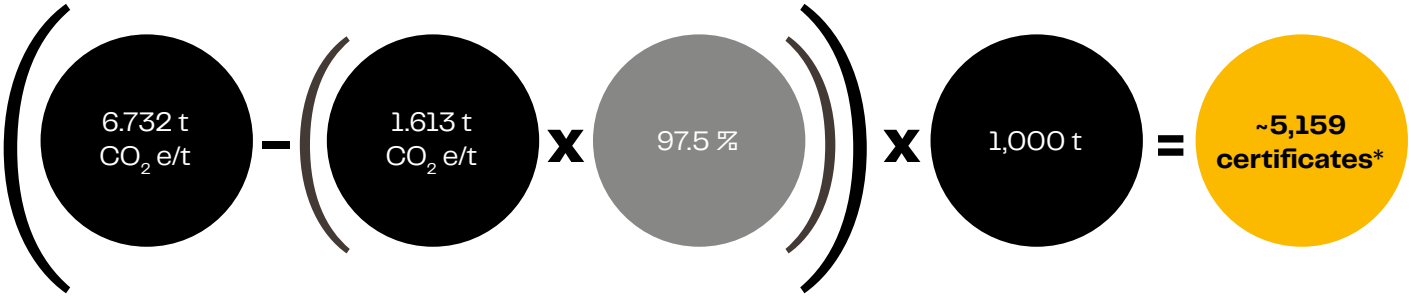
Simplified calculation of the required CBAM certificates



Example calculation based on the following hypothetical assumptions for 2026:
Basis: Sample calculation by CBAM-Estimator GmbH for CN code 7229.

Imports in tonnes:	1,000 t
Reported emissions :	6.732 t CO_2 e/t
CBAM benchmark:	1.613 t CO_2 e/t



€ 80.00 each; assumption as of March 2026
